

## Full Price List

We do not believe in 'one size fits all' funerals or 'packages'. Everyone is different and therefore each funeral should be, at least in some way. We can work with you to arrange meaningful and personal funerals ranging from the simplest non-attended cremations to the most elaborate ceremonies in traditional or more modern settings. We have also set out our funeral options below as a guide, but these are by no means exhaustive.

Please get in touch with us if you would like to have a chat either on 01622 746688, 01233 650746, or by email on [info@albany-funerals.co.uk](mailto:info@albany-funerals.co.uk).

## Third-party fees ('Disbursements')

These are all the fees that we pay on your behalf to simplify the process, we then invoice you for these and our fees together.

**Doctors' fees – £82**

For a cremation, it is required that a doctor that cared for the person who has died during their illness provides certification of death. The paperwork is then checked by another doctor. They charge £82 each. This fee is not needed if the coroner orders a Post-Mortem, or for a burial. Currently, due to recent Coronavirus legislation, only one doctor is required, so the fee is £82 instead of £164.

Fees vary from one crematorium to another. Listed below are all the prices for a standard weekday 'single slot' service time. Earlier morning slots cost on average £200 less.

## Minister/Celebrant Fee

### **Celebrant Fee: £232 - £350**

A celebrant is a professional person who will work with you to prepare and perform the ceremony to celebrate and honour the life of the person who has died.

This will include suggestions of readings, poems, hymns and music and other personal rituals. We have a number of different celebrants that we work with and can recommend to you.

## Other funeral services

### **Simple direct cremation: £1,500**

### Funeral ceremony in an alternative venue followed by a cremation

We work with local venues that provide beautiful environments for full funeral services. Each venue has its own pricing structure, but we try to keep the costs on a par with a standard funeral at the crematorium with a double slot for extra time. This option gives you a lot more space and time for a formal or informal ceremony.
